PROFILE

I am a first-year Btech computer science student with a strong interest in improving my talents and communication abilities. I am an introvert with a laser-like focus on his objectives, and I want to be consistent and structured in my work.

Web design is something I'm interested in, and I used to study it in my spare time. I have recently started it, so there are still a lot of things to discover.

SKILLS

- Web Design
- Creative Thinking
- Problem-Solving
- Team Work
